

Air Land Sea Application Center Point/White Paper

- The Air Land Sea Application Center (ALSA), located on Langley AFB, is a multi-Service (Joint) organization which produces Multi-Service Tactics Techniques and Procedures (MTTP)
- ALSA mission: Rapidly and responsively develop multi-service tactics, techniques and procedures, studies, and other like solutions across the entire military spectrum to meet the immediate needs of the warfighter
- ALSA is chartered by the Services and an MOA provides guidance on Service responsibilities and defines ALSAs actions as an organization
- As outlined in the MOA, ALSA is governed by a Joint Actions Steering Committee with GO/FO/SES representatives from the Service's doctrine centers
- ALSAs budget is provided by the Services
- The MTTP provide tactical-level solutions to multi-Service interoperability issues consistent with Joint and Service doctrine
 - o ALSA MTTP referenced in 30 of 78 Joint Publications
 - o ALSA publishes 33 of 151 (22%) of US Army Unclassified multi-Service ATP (FMs). ALSA is also responsible for 36 of 53 (68%) Air Force TTP, 33 of 180 (18%) Navy TTP, and 27 of 154 (18%) Marine Corp Reference Publications
 - o Several of ALSAs better known MTTP include JFIRE, Survival, Cordon and Search, and Tactical Convoy Operations
- ALSA staff consists of 22 personnel: 17 Military (7x Army, 8x Air Force, 1x USMC, 1x Navy) filling JDAL billets, and 5 Civilian support and publishing staff
- ALSA current working MTTP library consists of 36 publications of which three are new MTTP (Integrated Monetary Shaping Operations (IMSO), Engagement Teams (ET), and Biometrics)
- ALSAs MTTP are revised every three years with a third of the ALSA library under revision each year
- MTTP are developed leveraging Service SMEs who convene at the ALSA facility for joint working groups
 - o ALSAs action officers facilitate the joint working groups and are responsible for shepherding an MTTP through its one-year long MTTP revision cycle
